

## Start-up Funding

### Start Up Financing

- **Angel Group Funding:** To assist qualified start-ups in funding their product development, PRN PharmaFarm LLC can provide access to a pooled capital fund of angel group investors.
- **Invest through PharmaFarm:** PRN PharmaFarm, LLC seeks to identify the most worthy ophthalmic start-ups for investment by combining ophthalmic pharmaceutical start-up expertise, involved superinvestors and detailed due diligence. If you are interested in investing in an ophthalmic start-up please contact Dr. William Stewart at [william.stewart@prnorb.com](mailto:william.stewart@prnorb.com). Please remember that investing in start-ups is highly risky and may involve the loss of all capital.

## Company Overview

### PRN's Capabilities

Drawing from many year of vigorous participation and a broad network of mature contractors in the ophthalmic community, PRN capably provides all aspects of clinical trial management and consulting in both the US and EU.

### PRN's Mission

PRN's mission is to fight blindness through outstanding research and development advice.

### PRN's History

PRN was founded by Dr. William Stewart and his wife Jeanette Stewart in 1999 as an ophthalmic specific CRO. PRN was created to provide a superior standard for clinical trials in ophthalmology to the pharmaceutical community.

PRN has managed over 75 trials for 22 sponsors, from large pharmaceutical companies to startups, 57 of which were conducted in the US and 18 in Europe and the rest of the world. Four projects had more than 100 sites; the largest project included approximately 7,500 subjects and the duration of the longest project was 3 years. PRN has an outstanding contractor retention track record; to date almost every project has been completed by the project team initially assigned.

## PRN's Core Values

PRN's mission, *to fight blindness* through outstanding research and development advice, achieves excellence by holding to these core values.

### Core Values

- Lasting commitment to ophthalmology
- Excellent service and communications
- Unsurpassed trial management and dedication
- Outstanding ethics

## Services

PRN provides a full range of consulting and trial management services, from project conception through completion. PRN specializes in building unique teams of seasoned professionals, customized to meet your needs.

### Project Services

- **Planning:** From pre-clinical development and project timelines to regulatory filings, PRN can smooth your path in a cost-effective manner.
- **Initiation:** PRN maintains a robust database of excellent ophthalmic clinical sites to help you initiate your project quickly and efficiently.
- **Management:** PRN's unsurpassed management is provided by professional, mature, experienced and friendly individuals who are committed to help you succeed.
- **Completion:** PRN will see your project through to completion. With daily oversight by the company's founders,

## Testimonials

*... I have been part of a clinical trial before but this trial was different. With PRN as captain of the study-team we had no fears. You were on top of every single thing and knew every minute detail of the trial. Your CRAs looked at data with eagle eyes and sailing was smooth all the way. I told my colleagues PRN would be excellent. Thank you for proving me right. Thank you for what you have done for us.*

*Thanks so much for your support. I hope you know how much we appreciate PRN! Couldn't have possibly been where we are today without your professional excellence along the way.*

## Quality

Experience PRN quality in:

- Experience
- Relationships
- Commitment
